treatment space rental

About us

In November 2013, our School opened its doors in Amsterdam's Jordaan district. We have revived this characteristic building as a School, returning to its original purpose. It brings us deep fulfillment to see up close what yoga and meditation can do for our students.

Our mission

De Nieuwe Yogaschool in Amsterdam is more than just a building; it is a community. Whether you are physically present in our school or participating from the comfort of your own home, we provide a space to connect with yourself and others. We strive to inspire and encourage you through our live and online yoga classes, courses and trainings. Our intention is to help you move your head towards your heart, find your strength and let your own light shine.

Our offerings

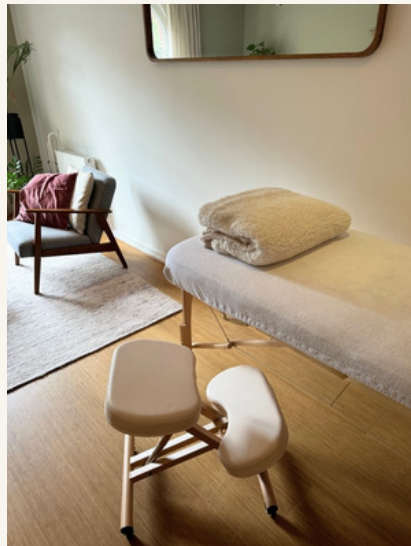

At De Nieuwe Yogaschool, we offer various options for yoga, breathwork and personal development. Our studio classes and livestream sessions offer flexibility for any yoga practitioner, while our trainings and courses (both in-person and online) offer depth. As an accredited training institute, we help aspiring teachers share their passion for yoga, breathwork, coaching and (spiritual) consciousness. We also organise regular workshops and events in collaboration with our partners, so there is always something new to discover at De Nieuwe Yogaschool.
